Universal Teeth Bow Blade / 4537-24

Brand

Bellota

EAN code

8414299314434

Use

Cuts dry wood

Bullet points

Universal tothing bow blade for cutting dry and hard wood. Made of special steel, with teeth hardened by high-frequency induction for longer life. Increased and homogeneous teeth height for improved resistance and performance. The blades are rigid and consistent, allowing for easier, straighter and safer cutting.

Description

Universal tothing bow blade for cutting dry and hard wood. Increased teeth height, hardened by high-frequency induction for longer life.
