KPGA1S

## Garden Kneepads / KPGA1S

Brand

Bellota

EAN code

8414299705089

Use

Knee protection for  
gardening and garden care.

Bullet points

Garden kneepad, with memory foam padded core so that you can use the kneepad longer. Its shape provides a lot of flexibility and comfort. The outer material is waterproof neoprene. The Velcro straps allow a comfortable and easy fit for everyone. The surface is washable but we do not recommend cleaning the kneepad in water. Cleaning with a damp cloth will be enough.

Description

Red padded garden kneepad with EVA memory foam core and washable waterproof neoprene exterior. Velcro straps for easy adjustment. Natural fit for natural movement.
