Bullet points

The cheetah is the fastest land mammal in the world. It has an acceleration capability that allows it to go from 0 to 100km in just 3 seconds. It has inspired us to create our fastest cutting blade, with a clean fine finish. The Cheetah pruning saw is for expert pruning users, it is fast to cut, without much effort. With a fine, clean finish. You can work comfortably and the way you like it. The curved bi-material handle adapts to the way you work, is ergonomic and pleasant to the touch, making intensive work easier. The curved blade is perfect to cut branches above your shoulder. Built-in safety system to prevent the blade from closing during use. You work more comfortably, you can combine several tools because you can easily keep the saw in your pocket while using another tool.

Description

Professional folding pruning saw with Japanese toothing. Cheetah range, Expert cut. Bi-material handle and curved blade. Japanese toothing, with impulse hardened teeth. Built-in safety system to prevent the blade from closing during use and injuring the user.
